EDUCATION

- **Ph.D in Electrochemistry | University of Lorraine, Nancy, France** 2021 - Nov 2024
- **M.Tech in Nanoscience and Nanotechnology | Panjab University, Chandigarh, India** 2016-2018
- **B.Tech in Electronics and Communication | Punjab Technical University, Jalandhar, India** 2011 - 2015

RESEARCH/WORK EXPERIENCE

- **Doctoral research | CNRS-LCPME, Villers-lès-Nancy, France** 2021 - Nov 2024

  ***In-situ* analysis of Ti3C2Tx MXene for electrochemical actuation**
  - Conducted in-situ analysis of Ti3C2Tx MXene for electrochemical actuation.
  - Expertise in material synthesis, specifically MXenes, and their functionalization and processing.
  - Proficient in device handling, programming, and electrochemical methods for in-situ/Operando analysis.
  - Engineered electrode designs to optimize performance.

- **Junior Research Fellow | Indian Institute of Technology Delhi (IITD), India** 2019 - 2021

  Biomedical sensors development
  - Developed microfluidic devices using photolithography and CO2 laser engraving, optimizing production processes.
  - Designed portable systems for real-time detection of pesticides and pathogens.
  - Contributed to scalable solutions for improving agricultural safety and public health.

- **Research Assistant | Interuniversitair Micro-Electronica Centrum (IMEC), Leuven, Belgium** 2018 - 2019

  Understanding the Fundamentals of Cross-Linking Type EUV-Resist Platform
  - Gained expertise in handling thin films (10-50 nm).
  - Analyzed thin films using spectroscopy and chromatography techniques.
  - Contributed to advancing EUV lithography for high-volume manufacturing.

- **Master's thesis | Panjab University, Chandigarh, India** 2017 - 2018

  2D TMD heterostructures for Hydrogen Evolution Reaction
  - Acquired skills in material handling and processing through wet chemistry and analytical techniques.
  - Evaluated MoSe2/WSe2 heterostructures for the Hydrogen Evolution Reaction (HER).

- **Bachelor's thesis | CSIR-CSIO, Chandigarh, India** 2015

  Crop Disease Predictive Model Development
  - Managed data acquisition systems to gather relevant agricultural data.
  - Developed predictive models for early forecasting of crop disease severity.

PATENT

Sandeep K. Jha, Syed Kasim D., **Harpreet Singh**, Shweta Panwar, Kingshuk Panda, Naveen Kumar Yadav, Sourav Dutta, Kirti, Tarun Singh, Rishi Raj. (2022). A System for Carrying Out Rapid Detection of Pathogens. European Patent, Application number: 21860791.9, Publication number: WO2022044054.

TECHNICAL SKILLS

Materials & Fabrication

- Thin Film Deposition
- Microfluidic Device Fabrication
- 3D Printing (FDM, SLS, Ink Extrusion)
- Microelectrode Fabrication
- EUV Lithography
- Cleanroom Operations (Class 1 & 1000)

Characterization Techniques

- X-Ray Diffraction Spectroscopy
- Ellipsometry
- UV-Visible Spectroscopy
- FTIR Spectroscopy
- Raman Spectroscopy
- Atomic Force Microscopy
- Scanning Electrochemical Microscopy
- Electrochemical Quartz Crystal Microbalance

Software Proficiency

- MATLAB
- LabVIEW
- OriginLab
- AutoCAD software
- Nova (Metrohm)
- EC-Lab (BioLogic)
- PStrace (PalmSens)
- C/C++ (Arduino)
- PrusaSlicer/Proterface

ACTIVITIES AND HONORS

- **DrEAM Mobility Grant** June to August 2023
  Université de Lorraine, Lorraine Université d'Excellence Initiative (LUE)
  Conducted research at Nanyang Technological University (NTU Singapore)
- **Best Paper Presentation Award** March 5-6, 2021
  "Engineered MoSe2/WSe2 Based Heterostructures for Efficient Hydrogen Evolution Reaction"
  2nd International Conference on Aspects of Materials Science and Engineering (ICAMSE 2021), Panjab University
- **ERIMEC Scholarship** August 20, 2018 - May 31, 2019
  Awarded by the Director of Teaching & Learning Processes, Leuven, Belgium
  Representative of recognized higher education institutions under federal or regional law
- **Group meetings organizer | ELAN team, LCMPE-CNRS** 2022-2023
- **Industry 4.0 French-German Workshop | Technical University of Kaiserslautern, Germany** 2022
- **MOOC PhD and Career Development | PhDOOC association, France** 2022
- **DeepTech Tour Lorraine** 2022
- **Discover entrepreneurship** 2021
